

Project Summary

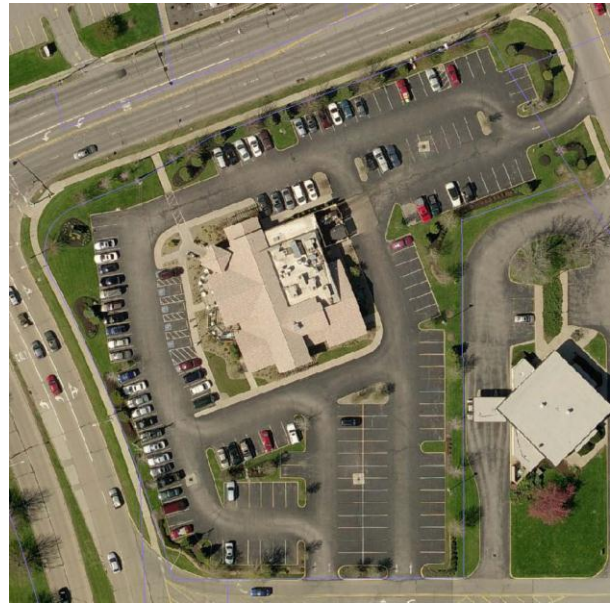

Olive Garden Site Plan City of Mentor, Lake County, Ohio

- Commercial Site Plan
- Construction Layout Staking

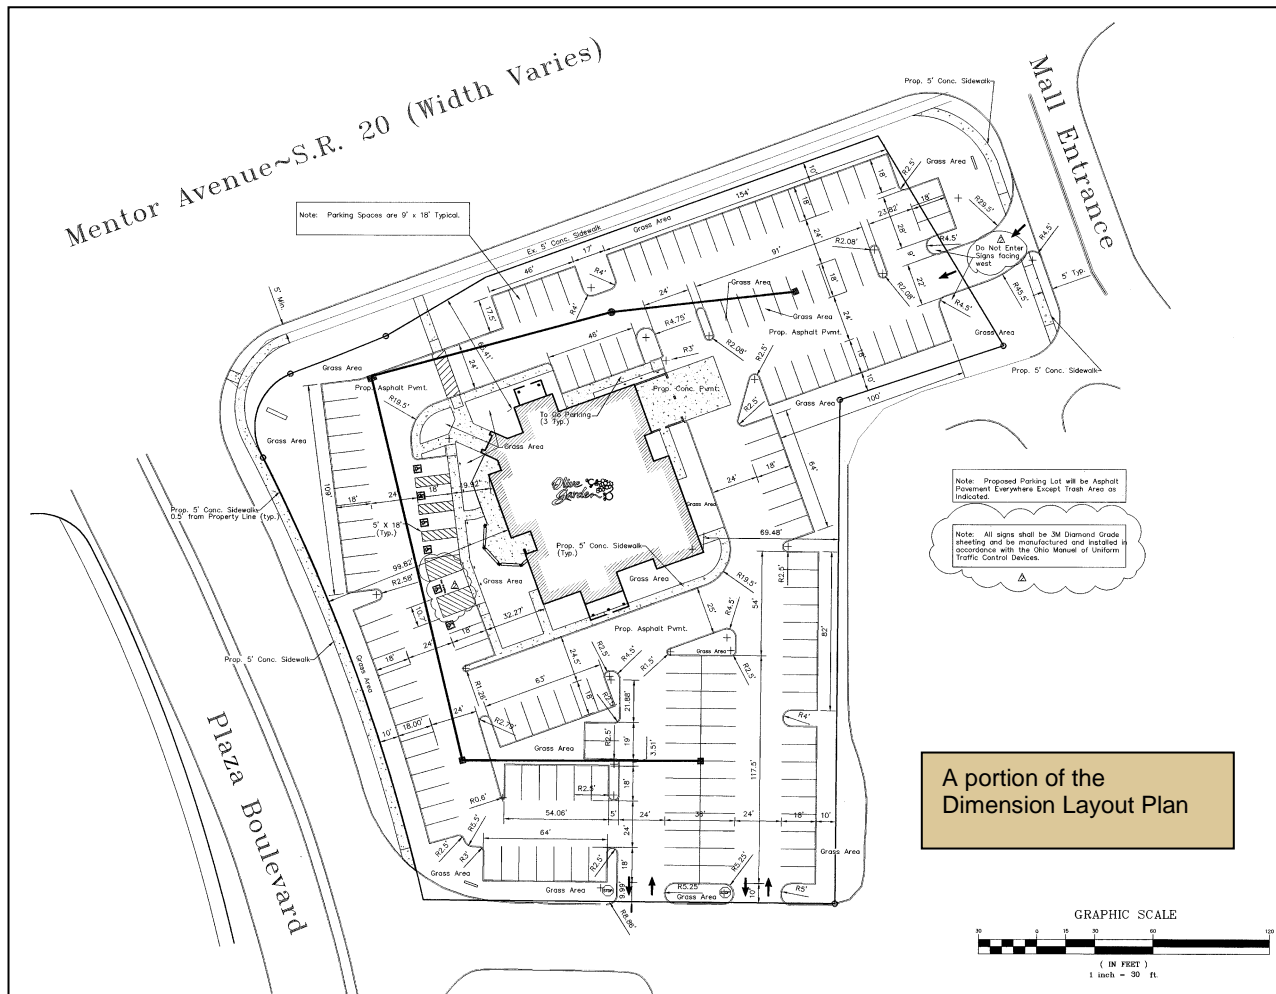

Foresight Engineering completed a commercial site plan for an Olive Garden restaurant in Mentor, Ohio.

The scope of the project included the layout and design of the site. The improvement plans contained details for the removal of an existing parking lot, the layout and grading of the proposed parking lot, building location, and new utility services lines.

Foresight Engineering also provided layout staking services during construction.
