

## Project Summary

### The Retreat at River's Edge Condominiums City of Painesville, Lake County, Ohio

- Annexation Plat
- Condominium Site Improvement Plans
- Condominium Plats

Foresight Engineering Group, Inc. completed the site work design for the Retreat at River's Edge Condominium Development, located along the Grand River in the City of Painesville.

The Project Area was originally located within Painesville Township. Foresight Engineering Group, Inc. completed a plat for annexation of the 22.5 acre parcel to the City of Painesville.

The design work for the project included the site layout of the 78 unit development, design of approximately 2,700 linear feet of roadways, 2,100 linear feet of sanitary sewer, 2,400 linear feet of storm sewers, and 2,600 linear feet of waterlines.

Foresight Engineering Group, Inc. surveyors also completed as-built drawings and final plats for all 14 phases of the condominium development.
