

Project Summary

Technical Consumer Products Site Plan City of Aurora, Portage County, Ohio

- Industrial Site Plan
- Stormwater Management
- Lot Consolidation

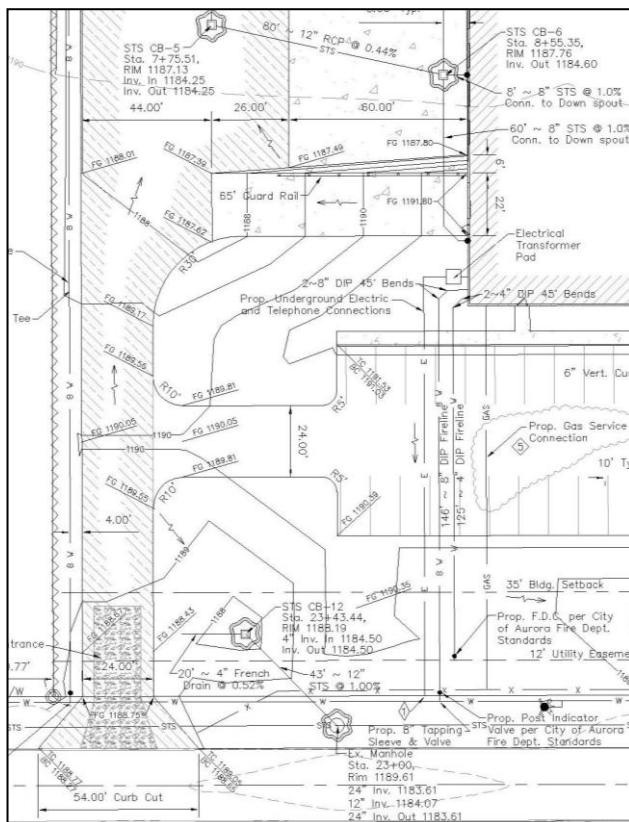

Foresight Engineering completed the site improvement plans for a new 153,000 square foot industrial building located on a 21 acre site in the Aurora Industrial Park.

Site improvements included overall site grading and layout, parking lot design, utilities service connections, storm sewers, stormwater pollution prevention plan, and subplot consolidation.

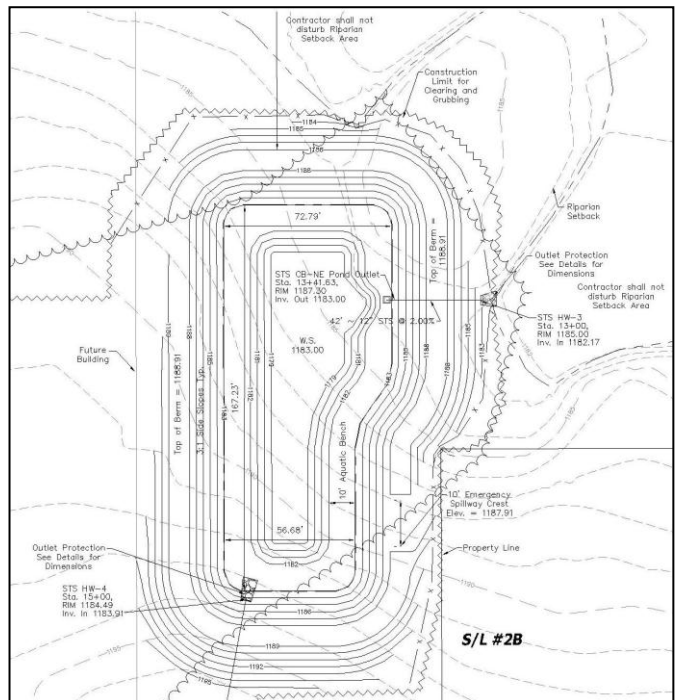

Stormwater management for the site was implemented by designing retention ponds with water quality features. Additionally, the stormwater facilities were designed to accommodate future expansion by Consumer Technical Products.
